State Railroad Commission Stirred by Evening World, Will Make Sweeping Inquiry.

SKIPPING OF STATIONS.

State Law Expected to Put Quick Stop to This Particular Abuse.

STATUTE

igned Especially to Cover Just Such Cases, Experts Declare It Will Prove Effective.

State Railroad Commission, by the protests of The Evening begin a sweeping inon of transit facilities on Manstran Island. The inquiry will include oth the surface and elevated systems, nd will also embrace the Subway, unit is definitely decided in the mean that the board has no jurisdiction var the tunnel. It is planned to make he Breeklyn Rapid Transit service.

An investigation of the Second and Phird avenue elevated road abuses was gun by agents of the Railroad Comon some time ago. They soon beconvinced, however, that any in-looking to a permanent improvein transit facilities must include If the railways on Manhattan Island. agents are now engaged in examinar all the roads of the Bronx. When examination is concluded and the makes its report the agents will

To Step Station Skipping. One of the evils into which the board ill inquire is the practice of skipping There is a section in the Raillaw which, in the opinion of exerrs, was designed to cover just such as this. It reads as follows:

very railroad corporation shall start passengers and property at regular es. to be fixed by public notice, and if Turnish sufficient accommodations the transportation of all passengers. Property which shall be offered for asportation at a piace of starting, the a reasonable time previously give, and at the junctions of other reads, and at the junctions of its first train; and shall take, transport discharge such passengers and discharge such passengers and discharge for the fare or freight hursed therefor. No station establed by any railroad corporation for reception or delivery of passengers property, or both, shall be disconged without the consent of the Board Railroad Commissioners first had and s, to be fixed by public notice, and

Outrage on Travellers. those familiar with railroad law, section means that every train stop at all the stations at which

is scheduled to stop.

Especially inconvenient to the travelpublic is the skipping of stations
the morning and evening rush hours,
the morning and women are anxious to
t to and from their places of busits with as little delay as possible,
a guard does not announce until the
tall is approaching the coming sta-

se with as little delay as possible, as guard does not amounce until the am is approaching the coming stanic that a station is to be cut out, and in the din and confusion, passengers the middle of the cars hear the anouncement at all, they are usually so timined in that they are usually so timined to their stations and must itely pay another fare or walk back they have a supposed to discharge them.

Almost as annoying is the position of the who are compelled to take trains those stations marked for slaughter, mething the station barely in time to to business on time in the morning, and the station barely in time to the business on time in the morning. The stand on the platform and watch as and sometimes two or three trains the stand on the platform and watch as and sometimes two or three trains are thus wasted for the minutes are thus wasted for the attrons, and frequently after an especially long wait the crowd on the station platform has become so great that ill casmot squeeze aboard the first train that does stop. These unfortunates are the standard again, which themselves the sading actors.

## REXALL "93" HAIR TONIC. Rexall "03" Hair Tonic is a positive plump and rosy it is healthy, but if it is white and shrunken it is certainly discure for all hair and scalp troubles. It is not sticky nor gummy, will not thicken

eased-and diseased hair is the short road to a bald head. Few people can afford a bald head, for a bald head is a serious handicap. In these days when youth is a moving factor, when a man has to make his mark at thirtyfive or be dubbed a "has been" - when business houses pension the man we used to call "middle aged," rather than allow their lagging influence to intrude upon the modern rush—you will certainly believe us in saying a bald head is a serious handicap. Few people can afford a bald head. Even those who can - those who are "fixed" socially financially and matrimonially have no desire for bald heads. But whether we can afford it or not, thousands of us are bald, either partially or wholly. What caused the baldness, whether an inherited tendency, undue mental effort, sickness, dandruff or other scalp disease,

makes no difference. What we want is

on the hair, does not become rancid, has no disagreeable odor. It is clean, agree-

able and pleasant to take.

It is a hair dressing of the highest order, and when a purchaser considers that we take all the risk in making such strong statements, is there any risk in giving it a trial? We want you to try on our personal recommendation one bottle of Rexall "93" Hair Tonic. We will sell it to you on the broad and liberal Rexall guarantee of "Your money back if you are in any way dissatisfied." We do this of a desire to sell our customers just the remedies that give them value for their money. All we ask is the return of the empty bottle. Price, 50c. a bottle.

Rexall "93" Shampoo A fragrantly perfumed toilet prepara-tion, that will make the scalp cleaner than any other shampoo - and keep it clean - is put up in large capped jars, twenty-five cents each. Guaranteed too.
